

Introducing Artisan Quality Blinds

Overview

Artisan Quality Blinds specialise in the manufacture of high-quality yet affordable roller and venetian blind products. With a range of designs and a selection of designer colours available, the possibilities are endless and easily achievable. We utilise the latest manufacturing technology in our modern factory facilities based in Auckland, and delivery is available throughout New Zealand. Made to withstand New Zealand's harshest climate conditions, we guarantee all our products and provide solid after sales customer support.

Artisan design and manufacture four types of blinds:

- Blockout Roller Blinds
- Sunscreen Roller Blinds
- Wooden Venetian Blinds
- PVC Venetian Blinds
- 25mm Aluminium Venetian Blinds

This choice ensures there is a blind solution for a wide range of applications, such as: offices, bars, restaurants, theatres, auditoriums, residential developments, schools, hospitals, rest

homes and churches.

We have careful quality control in our factory and use the latest technology in our manufacturing process. To provide a perfect finish on our roller blinds, we use a crush-cutting technique which cuts and seals the fabric, preventing frayed or wavy edges, an often-seen problem. Our wooden and PVC venetian blinds are lacquer-coated with UV Protective to protect against colour fade and water damage. We use quality components and a semi-automated, one-touch control system is available if required.

Made to last and perform faultlessly, we are confident in providing a five-year warranty for all of our rollerblind products and three years on all venetians. In the unlikely event of a problem, we guarantee to fix or replace the blind.

Our customer support is outstanding, with a quick response to orders or queries. We will deliver within 10 working days of receiving an order and if a problem should occur which may delay delivery, we will contact the customer.

Blockout Roller Blinds

Artisan Blockout blinds come with a special lining designed to darken a room during the day for sleep or computer use and to give heat insulation and privacy at night. The roller blinds are smooth and easy to open and close, or adjust the height. A selection of designer colours is available to suit any décor from classic to contemporary.

5
YEAR
WARRANTY

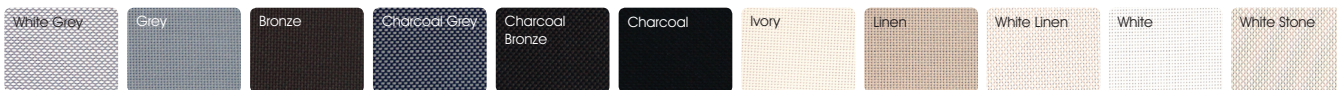

Sunscreen Roller Blinds

Sunscreen window blinds act as a sun filter or sunscreen by softening or filtering the harsh light of the summer sun. With a Sunscreen blind, the view is still accessible but privacy is maintained. Furniture and floor coverings are protected from ultraviolet rays, prolonging colours and preventing sun damage. The roller blinds are smooth and easy to open and close, or adjust in height.

Attractive designer colours and textures to match your aesthetics are available to work with any space.

YEAR
WARRANTY

Wooden Venetian Blinds

Artisan Marupa venetian blinds offer a versatile and fashionable window treatment. By simply tilting the blinds, the amount of sunlight entering a room can be controlled. Lacquer-coated with UV Protectant, they are protected against colour fade and water damage. All valances, headboxes, bottom rails, tassels, tapes and cords are colour co-ordinated with the slats.

Marupa blinds are available in a designer range of modern colours.

3
YEAR
WARRANTY

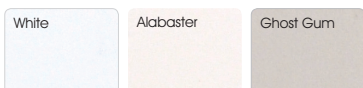

PVC Venetian Blinds

Artisan PVC venetian blinds is a slat based system in Polystyrene. PVC blinds are suitable wherever wooden blinds would be applied; however, they are particularly useful in wet areas such as bathrooms.
